Otto Quattman

Above are the few names left that information is wanted of their rank, initials and year of enlistment by the Memorial Committee. All of the other names have been sent to be embossed on the bronze tablets, but if the information required of these few names can be secured at once they will be sent in and if possible be added to the honor roll. Any person having the information will oblige by sending it to The Call office.

Now that the contract has been let for \$3400 an effort to complete the collecting will be started at once, and as the local branch of the Great War Veterans has passed a motion endorsing the erection of the memorial no trouble is anticipated in raising the amount necessary. Those who have already subscribed are requested to send in the amount now and all others are asked to give their donations to any member of the committee or send it to the Financial Treasurer, of the Gleichen District Memorial Committee. All donations will be acknowledged in The Call.

Union Church Services

Business and social gathering this Wednesday night.

The annual thank offering meeting of the Women's Missionary Society was held in the Manse on Friday evening last, eighteen members being present. The next regular meeting of the Society will be held on Friday, Nov. 21st, at the home of Mrs. Thos. Henderson. Union Church Ladies Circle will meet on Thursday afternoon of this week at 2:30 o'clock, at the home of Mrs. S. C. King, Fourth avenue. All women connected with the congregation are members of "The Circle". The officers ask that all members who can possibly attend come and help prepare for the sale of work which will take place on December 6th.

Sunday, Oct. 26th, School and Bible class 11 a.m. Special invitation is given to strangers and visitors to the service of song at 7:15 p.m.

A quiet wedding took place at the Manse on Monday evening Oct. 20th, when Mr. Robert M. Staback was united in marriage to Miss Jessie L. Eddy, Rev. R. N. Matheson, of Union Church, officiating. Mr. and Mrs. Staback left on the evening train for Edmonton and other points in the northern part of the province. On their return they will reside in their new home on 6th Ave. Both young people are well known in Gleichen and community, and are both very popular. A host of friends unite in extending congratulations and best wishes for a long and happy journey through life.

At a well-attended meeting of the Great War Veterans on Sunday last it was decided to support the Women's Institute dance on Oct. 31st, and also to do all in their power towards stopping the Jazz dance billed for Oct. 29th, two nights before the Women's Institute dance. This is a chance for all returned men to show their colors as they were heartily supported by these ladies while in France and our local financially since. It is also up to the public to see that their money is kept in town and to patronize home talent.

Sunflowers Ideal Forage Crop

It would seem to be settled beyond doubt by the experiments of Professor G. H. Hutton, superintendent of the agricultural and animal industry branch of the Canadian Pacific Railway, conducted at its experimental farm at Strathmore, Alberta, that sunflowers are the ideal forage crop of this province, if returns in tons per acre are any criterion of crop values. Two and a half acres close to the buildings on the farm were sown in rows three feet apart this spring, irrigated and properly cultivated between the rows, and the crop, which has just been cut and placed in silo was accurately weighed, and the result showed a yield of 39.6 tons to the acre, green weight placed in silo. As there is moisture at the rate of \$2.41 per cent. in sunflowers, this would give a yield of dry matter per acre of a little over six tons.

Western Canada's 1919 Crop

While exact figures are not yet obtainable, wheat authorities now seem to be conforming to the general opinion that Canada's total yield of wheat this year will be 248,000,000 bushels as compared with 189,000,000 bushels last year. Of this crop the share of the Western Provinces is 166,000,000 bushels, or over two-thirds of the total yield.

In addition, one of the most reliable sources in Canada has estimated that the West will produce 227,000,000 bushels of oats, 37,000,000 bushels of barley, 9,000,000 bushels of flax and over 2,000,000 bushels of rye.

Alberta's Crop Exceeds All Expectations

Pessimistic rumors regarding Alberta's crop are being contradicted from all parts of the province now that actual returns can be measured. The greater part of the threshing is now completed and everywhere the yields are exceeding previous expectations.

According to reports received from various farming centres, in no district is there a complete failure while the average yield of wheat in many areas is between twenty-five and thirty bushels to the acre. Instances are daily being recorded of forty or fifty bushel yields—one farmer at Bashaw, in the central part of the province, has just threshed a three hundred acre field of Marquis wheat averaging over forty-two bushels to the acre, the greater part of the grain grading number one Northern—the highest grade possible.

In the irrigated districts threshing is almost completed and first-class crops are everywhere reported. Returns seem to indicate that the wheat crop here will average over thirty bushels per acre, while some yields are almost double that amount.

The general rain throughout the province during the past two weeks augurs well for next year's crop and farmers are getting optimistic regarding the outlook for a bumper crop. A large amount of new breaking is taking place, one ranch alone having already prepared 20,000 acres for the coming season.

25 cents buys a Thrift Stamp.

Organization for 1919 Victory Loan Will Be Most Complete

The interest taken in the 1919 Victory Loan is growing daily. Business men throughout all Canada, and particularly in Southern Alberta are banding themselves together for the purpose of making Canada's last appeal to her people the most successful domestic loan which has ever been floated. The loan will be advertised in many attractive ways and the appeal to the patriotism of every true Canadian will be well responded to.

Canada is today in the position of a big business house reconstructing her affairs. She is making money but needs more capital to carry on. She is re-establishing her soldiers in a more complete way than probably any other country has ever attempted. It is due these men that they should receive every advantage to help themselves that Canada can give them.

All classes of Canadian people in all trades benefit directly by this distribution of money—the farmer, the artisan, the manufacturer, laborer, miner, fisherman and merchant.

The working capital needed for this gigantic business can be obtained only by borrowing, and it is in every way desirable that the amount required should, if possible, be raised within Canada itself. The war was not won with the signing of the armistice; it will not be won by the signing of the peace; it can only be won definitely and finally when every returned man is re-established, and when Canada stands pre-eminently among her neighbors. Every returned soldier should be an enthusiastic booster of the 1919 Victory Loan. Don't demobilize your patriotism with your uniform. Your help is needed today as much as it was when you were in France. You went to France as, primarily, a good citizen of Canada. You are today asked to boost the Victory Loan as a good citizen of Canada. The Victory Loan has no politics. It is a national enterprise to supply working capital so that Canada may carry on.

HALLOWE'EN DANCE FRIDAY, OCTOBER 31

Receiving many requests from the young men, who evidently still have a fond remembrance of mother's cooking, the Gleichen Women's Institute has decided to serve luncheon and coffee at their Hallowe'en dance in the Opera House, Friday, October 31st.

Good music, good time and good eats! What more can mortal man ask? Get your tickets now.

HELP THE VICTORY LOAN

The Victory Loan campaign in Southern Alberta is going with a swing. Reports from the central committee in Calgary say that the campaign has completed their organization and that the Loan is meeting with a far better reception than had been anticipated. There will be a great deal of honor in going "over the top" on this Loan and it is to be hoped that this district will do its share and will make at least as good a record as last year.

Victory Loan 1919 is going to be very popular indeed in the first place the security is excellent and the investment is a better one than will probably be available in government bonds after this occasion. To get Canada's bonded obligations bearing 4 1/2 per cent. interest at par is something that was not dreamed of before the war and will not be again. For this reason, there is little doubt that the bonds will go above par on the market almost as soon as they are issued, and that anyone who buys

them during the campaign will be able to sell them at a profit thereafter. That, at least, is the history of the previous bond issues and there is no reason why it should not be the history of this one.

Southern Alberta is especially interested in the success of the Victory Loan because the money is to be used for the re-establishment of our soldiers and the financing of crop and other similar payments. Being an agricultural country, Southern Alberta will get more direct benefit out of a Victory Loan than most other portions of Canada and it is therefore all the more her duty to support the loan to the best of her ability.

Organization and work are progressing in this district and in others and the general committee asks that the public assist their local canvassers in every possible way, and especially by subscribing promptly and as largely as possible when the canvassers come around. The selling campaign will open on October 27 and continue till November 15.

The "End of a Perfect Day," produced Saturday night at the opera house by the Colonial Comedy Co., was without doubt the best production of any kind ever staged in Gleichen, and those who missed this may well regret it. The comedy is a very pretty one and each member of the company took their several parts admirably. It is a bright clean-cut comedy, void of any vulgarity, that keeps all interested every moment, and also has a moral that should make us all more charitable to the seemingly most vicious of mankind. The Colonial Comedy Co. has made a hit with Gleichen theatre goers, which is a great relief from the class of shows that have too frequently visited this town.

George Warren will be welcomed whenever he again announces the three "C.C.C." and may it be soon. But then, George has never failed in giving Gleichen good shows.

Are you saving? Victory Loan is coming.

We have Victory, but it is not paid for yet.

Spend sparingly—Save for Victory Bonds.

Watch those dollars—Victory needs them.

Stint—sacrifice—save for Victory Bonds.

More Bonds to buy—Finish the Fight.

Prepare to pay for Victory. The soldiers have given—you must lend.

Twenty Billions of National Wealth behind the Victory Loan 1919.

Lend the crippled soldier a hand—Buy Victory Bonds.

He has one leg! You have two hands to help him—hands to hold Victory Bonds.

Peace and Prosperity—via the Victory Loan.

Victory—Bought but not paid for.

Will some Gleichen folks ever learn theatre etiquette? It is bad enough to arrive late, but to march up to the front row during an act is most exasperating to those who pay their money and want to see the performance. If it is to be seen and show their fine clothes and bonnets, that some are always late, we would advise to come half an hour early when the crowd will only be too pleased to give them the once-over. The management and ushers could remedy this by refusing absolutely to allow any one to take their seats during acts, and it would at the same time be an education to the belated ones. While we are on the subject and feeling grouchy let us add it is time the moving pictures started promptly on time. It is just as easy to start at 8 o'clock as 9 and once the rule was started everyone would be happy. If course a few would come late at first and for a time the first reel might be run for the benefit of such. Nearly every day we hear parents complain of their children being kept at the pictures until 11 o'clock and others of losing their beauty sleep. What's the matter with the censors by-law?

GEO. MATTHEWS

"VALUE WITH SERVICE"

To get a boys Stacksen that really wear is certainly very difficult unless you buy "OUR OWN" which sells at 70c. Pair

We have 20 pieces yet of this imported cloth which is selling in Calgary at 75c. a yard. This shipment was 2 years old so we can sell the balance for the ridiculous price of 50c. per yard.

Scotch Plaid Gingham 50c. yd.

It is true we do lose a good deal of profit on our Remnant Table, but we are able to keep our stock nice and clean and free from tag ends. For Saturday we will have additional pieces of Flannelette, Cotton, Sheeting, Print, Ginghams, Dress Goods, Etc.

GROCERIES

We Believe our Grocery Department is under the most capable management.

We specialize in quality, and you are sure of having your orders put up promptly and accurately.

SUGAR

quantity. We have, however, sufficient white sugar to supply all our customers in reasonable quantity with your order.

This is the most difficult problem that any merchant has to deal with. The situation is more acute than it has ever been. We expect a shipment of "Yellow" Saturday morning and hope to sell in little larger quantity with your order.

The Queenstown Farmers Union and new U.F.W.A., women's local, meet in the Milo Hall at 8 o'clock the last Saturday evening in each month.

Oct. 18—"The End of a Perfect Day", Opera House.

Oct. 21—Fax Fun Co., Opera House.

Oct. 31—The Gleichen Women's Institute dance, in Opera House.

Nov. 11—Armistice dance in the Gleichen Opera House, by the local G.W.V.A.

Savings Stamps and let it work.

GEO. W. EVANS

Undertaking and Embalming

Artificial wreaths always on hand. Weather extremes will not effect these flowers in any way.

Gleichen, - Alta

N. E. Stuart & Co. CLUNY

Our store is complete and we are in a position to supply you with your requirements in dry goods, shoes and groceries. We intend to run a store that will advertise itself through service, quality and price. To do this we must get acquainted with all the people in the community and have them all get to know our store. As an inducement to get everybody in our store to see what we have and compare our merchandise as to prices and quality with what you have been buying, we are going to give a discount sufficient to justify your coming.

Beginning Saturday, October 25th, until Saturday, November 1st, we will give a 10 per cent discount on all purchases. This is to get acquainted and to get everybody to buying their supplies in Cluny.

Yours truly,

N. E. STUART & CO., Ltd.

By Speeding the Liver Dr. Hamilton's Pills Bring Good Health

Good for Men, Women, Children

No curse seems harder to bear than the downright weariness and despondency that comes from a slow liver. The man or woman who is pale, sallow, depressed and out of sorts usually has Liver Complaint. Such people continually suffer from headache, constipation, ringing ears, lack of appetite, and poor digestion. What a world of good Dr. Hamilton's Pills will do in such cases! In one hour this smooth working medicine changes half sick folks into different looking and feeling people. No chance for headaches or constiveness when Dr. Hamilton's Pills get to work. Taken at night, they restore normal conditions while you sleep, morning finds you fresh and hungry, headache all gone, cheeks rosy, eyes bright, spirits good.

Impossible to feel dizzy, to have weak back, to be nervous, depressed, sleepless, or out of sorts if you tone, regulate and cleanse the system with Dr. Hamilton's Pills. Good for men, women and children. Sold everywhere in 25c boxes.

THE COW PUNCHER

— BY —
ROBERT J. C. STEAD

Copyrighted, Canada, 1918, By
The Mussion Book Co., Ltd.,
Toronto. Printed By Special
Arrangement.

(Continued.)

At last he found it, but it read like this:

Fire this morning gutted the Great West Clothing Store with a loss of \$8,000, of which \$4,000 is covered by insurance in the Occidental. Frank Beecher, proprietor of the store, was overcome by smoke, and is in the city hospital.

Smoke was first seen issuing from the back of the store by Fred Grant, a delivery man for the Imperial Laundry, who turned in an alarm at 10:08. Owing to the fire team colliding with a dray owned by Sheppard & Co., some minutes of delay occurred. During this period the building, which was of frame, burned fiercely. It was almost completely destroyed, although some of the stock may be salable.

Beecher rushed into the back room for certain papers, where he was found by Fireman Carey in an unconscious condition. He is recovering, and is already planning to rebuild.

Dave read the account with a sinking heart. By the time he reached the end it seemed his heart could sink no further. He found that the editor had not left the office, so he approached him with as much spirit as he could command.

"I guess you won't need me any more," he said. "I'm sorry I made a mess of that fire story."

There was a kind twinkle in the chief's eye as he answered, "None sense. Of course we need you. You have merely made the mistake everyone else makes in supposing you could write for a newspaper without training. We will give you the training — and pay you while you learn. The only man we can't use is the man who won't learn. Now let me give you a few pointers," and the editor got up from his desk and held the paper with the fire story before him.

"In the first place, don't start a story with 'he,' at least, not more than once or twice a week. In the second place, get the meat into the first paragraph. Seventy-five per cent. of the readers never go further than the first paragraph; give them the raw facts there; if they want the trimmings they will go down for them. That is where a magazine story is exactly opposite to a newspaper story; a newspaper story shows its hand in the first paragraph; a magazine story in the last.

"Then, get the facts. Nobody cares whether the fire bell rang or not, but they do care about the man who was suffocated; who he was, what he was doing there, what became of him. Revel in names. Get the names of everybody, and get them right. The closest tightwad in the town will buy a paper if it has his name in it. Every story, no matter how short, is good for a number of names. In your copy as you turned it in — the editor picked it up from his desk; he had evidently saved it for such an occasion as this — the only name you had was that of the clothing store. I had one of the other boys get to work on the telephone, and you see he got the name of the proprietor; of the insurance company, with the amount of the insurance; of the man who turned in the alarm; of the owner of the dray team that obstructed the engine, and of the firemen who carried Beecher to safety. Every one of these people, with their families, their cousins, and their aunts, become especially interested in the story the moment their names are introduced.

"Next, remember that it is not the business of a reporter to pass editorial comment. It may have been too bad that the fire engine was delayed, but that is a matter for the editor to decide. The business of the reporter is to find out why it was delayed, and state the facts, without regrets or opinions. You must learn to hold the mirror up to nature without making faces in it. You know what I mean — keep your own reflection out of the picture. If you think the incident calls for an expression of opinion by the paper, write an editorial and submit it to me. But remember that the editorial and news columns of a paper should be as distinct as the two sides of a fence."

"Thank you very much," said Dave slowly, when it was plain the editor had finished. "I think I begin to see. But there's one thing I don't understand. Why did you not mention the origin of the fire?"

A flicker of amusement — or was it confusion? — ran across the chief's face as he answered, "Because we don't know what started it — and Beecher is one of our best advertisers. To say the origin of the fire is unknown always leaves a smack of suspicion. It is like the almost imperceptible shrug of the shoulder at the mention of a woman's name. You can't get away from it. And it is the advertiser who keeps the paper alive. I know it's not idealism, but idealism doesn't pay wages and paper bills, and as long as readers demand papers for less than it costs to print them they will have to take second place to the advertiser."

"Then all reports are to be colored to suit the advertiser?" demanded Dave.

"No. Where a principle is involved — and we have principles, even in these degenerate days — we stand by the principle, even if we lose the patronage. Our notions of what is for the public good have cost us a lot of money at times. You see, the exploiter is always ready to pay his servants, which is more than can be said of the public. But where no real principle is involved we try to be friendly to our friends."

With these fresh viewpoints on his profession Dave entered upon his work the following day chastened but determined. Almost immediately he found the need of acquaintanceships. The isolation of his boyhood had bred in him qualities of aloofness which had now to be overcome. He was not naturally a good "mixer"; he preferred his own company, but his own company would not bring him much news. So he set about deliberately to cultivate acquaintance with the members of the police force and the fire brigade, and the clerks in the hotels. And he had in his character a quality of sincerity which gave him almost instant admission into their friendships. He had not suspected the charm of his own personality, and its discovery, feeding upon his new-born enthusiasm for friendships, still further enriched the charm.

As his acquaintance with the work of the police force increased Dave found his attitude toward moral principles in need of frequent readjustment. By no means a Puritan, he had, nevertheless, two sterling qualities which so far had saved him from any very serious misstep. He practiced absolute honesty in all his relationships. His father, drunken although he was in his later years, had never quite lost his sense of commercial uprightness, and Dave had inherited the quality in full degree. And Reenie Hardy had come into his life just when he needed a girl like Reenie Hardy to come into his life.

He often thought of Reenie Hardy, and of her compact with him, and wondered what the end would be. And meanwhile he found the need of frequent readjustments. He became aware of the fact that in every community there are two communities; one on the surface, respectable, discreet, conventional; and one beneath the surface, to which these terms would not apply. He found that the province of the police was not to enforce morality, but to prevent immorality becoming obnoxious. Anything, almost, might go on so long as its effects were confined to the voluntary participants. Underneath the sham of good behavior was a world, known to the police and the newspaper men and a few others, which refused to accept standard conventions and lived according to its own impulse. And this world included so-called best citizens, of both sexes. And they were good citizens. It seemed the community had two natures; a sort of Dr. Jekyll and Mr.

HOW THIS NERVOUS WOMAN GOT WELL

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill. — "For four years I suffered from irregularities, weakness, nervousness, and was in a run down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble." — Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

Hyde on a community basis. Splendid qualities; large heartedness, generosity, were mingled and streaked through degrees of selfishness and lust running down into positive crime. . . . And the wonder was not what the papers printed, but what they left untold. . . . And he was glad he had met Reenie Hardy. She was an anchor about his soul. . . . And Edith Duncan.

One morning, as he sat with Carson of The Times at the reporters' table in the police court, listening absently to the clerk calling a list of names, his companion, with a grimace, intimated that there was something beneath the surface. "Pure fiction," he whispered, as the list was completed. "It would do you good to know who they are. Shining lights, everyone of them. And when they are lit up they can't be kept under a bushel. The police just had to do something. They won't be here — not one of them. Their lawyer will plead guilty, and pay the fines, and every one will be sorry — they were caught. Even his nibs on the bench isn't twice as happy. It was by good luck he wasn't with the bunch himself."

It turned out as Carson predicted. One of the leading lawyers of the city addressed the court, expressing the regret of his clients that their behavior had necessitated interference by the police. He was full of suave assurances that no disrespect of the law, nor annoyance to any member of the community was intended, and he pleaded feelingly for as great leniency as the court might consider consistent with the offence. The minimum fine was imposed, and the lawyer withdrew, bearing with him the double happiness of having earned a

Look at tongue! Remove poisons from little stomach, liver and bowels

Accept "California" Syrup of Figs only — look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear. Mother! You must say "California."

Canadian Grown Seeds

In Many Cases Are Superior to the Imported Varieties

Since 1914, important, almost colossal, developments have taken place in roots. Previous to the war, Canada imported 95 per cent. of her seed, but war conditions emphasized the fact that she should depend on her own resources. At the present moment Canadian-grown seeds compare most favorably and in many cases are superior to the imported varieties.

Mangel seed in British Columbia has exceeded a ton an acre. Carrot seed in the same province is not only extremely heavy, but is of A1 quality. It has been found that Nova Scotia is essentially a turnip growing home. The result of what were originally only experiments has proved conclusively that Canada will not only be able to supply her own needs, but will be able to export in large quantities. With this end in view, the experimental stations in both Eastern Canada and British Columbia are being utilized for the purpose of providing seed growing concerns with stock seed, in other words the guaranteed pure and first quality article.

Mournful Outlook

"I engaged the rooms for my holiday," he said, "because the landlady wrote me that they overlooked a superb garden of 200 acres, richly adorned with statuary, where I was at liberty to promenade."

"Well!" his friend inquired. "It was a cemetery," he said, bitterly.

Great Britain Does Not Boast

Difference Between American and British Methods

Writing in the London Sunday Pictorial, Horatio Bottomley urges the appointment of a permanent director of propaganda for Great Britain. His plea apparently arises from his having encountered on the continent ingenious exploitation of what the United States did in the war beside which Great Britain's part is shadowed. His attention has been attracted to the manner in which Americans systematically advertise their national virtues and achievements, and he seems to think Britain requires similar services if she is to retain her enviable place in the world. To illustrate the difference between American and British methods he recalls the statement that in the peace celebration in Paris the American officials elected all their tallest and finest soldiers for the processions, while Britain and other countries made no such effort, but marched their men haphazardly, "in all shapes and sizes," and so the Americans walked in front — just, he says, "as President Wilson always sat on the right of Clemenceau at the peace conference."

There may be merit in Mr. Bottomley's proposal, but it is not a fact that the very failing which he deprecates on Britain's part has been the subject of the greatest advertising she has been given internationally? The whole world knows what Britain has done — knows as well almost as if the record were printed on every bill board. But the world's comment has been not so much upon what Britain has done as upon the fact that she did it and said little about it. Britain's matter-of-fact way of doing things, her failure to bother about advertising her achievements, have caused those achievements to be noted as no amount of direct exploitation could have done.

Furthermore, that same British characteristic, that way of going ahead to do things and getting them done without complaint or boast has aroused the greatest admiration for Britain and Britishers. We see evidence of that fact almost every day in the American press. The Britisher is admired not only for his efficiency but for the absence of pomposity attending it. — Ottawa Journal.

Trees 2,500 Years Old

Largest of Cedars Is Thirteen Feet in Diameter

The famous cedars of Lebanon, tradition says, were planted by God at the creation of the world and they will endure until the last day. That there was a great grove of cedars on Lebanon in the days of King Solomon there can be no doubt, as it was from them that he obtained the wood for building the temple.

At the present day the grove contains 389 trees, of which only 15 are of large size. It is the centre of a great basin in the mountains, 6,000 feet above the sea. A Maronite chapel is on a mound in the shade of the trees, and here mass is said, and on the feast of the Transfiguration a great festival takes place.

Several efforts to calculate the age of the cedars now standing have been made by counting the rings in the heart wood of those that have fallen. These estimates, according to Prof. A. Henry, of the Royal College of Sciences for Ireland, in an article in Country Life, vary from 2,230 years to 2,500 years, although it may be that they are of slower growth than the specimens tested in other countries. The largest of the cedars is thirteen feet in diameter.

Wool Brings Satisfactory Price

W. J. Stark, secretary of the Alberta Provincial Sheep Breeders' Association, received a check for \$65,765.20, being a remittance from the Canadian Co-operative Wool Growers Ltd., of Toronto, on account of the wool shipped them for sale by the local association, and which was contributed by 324 sheep owners in northern Alberta and six from British Columbia. The wool has not all been sold as yet, and this remittance is on the basis of 8c below the market price on each grade. When the balance of the wool is sold the contributors will be sent the amounts necessary to balance their accounts. The wool which has been sold has brought a very satisfactory price; some of the fine medium combing has been sold at 68½ cents per lb., the fine medium clothing brought 65 cents.

Under recent instructions issued by the British Air Ministry, the marks on private or tourist aircraft as opposed to commercial or state machines, are to be distinguished by having the marks underlined with a black line. This brings the marking of British machines into line with the regulations of the International Air Convention.

Chinese Department Store

Completes Equipment by Selling Hotel Accommodations

The American traveller in China may nowadays be reminded of home by the new Chinese department store, but there is one thing about the department store in China that serves as a special reminder of other days and ways in America, to the American of an older generation. Modelled on the American department store, and dealing in many familiar commodities from the United States, the emporium in Hong Kong or Shanghai still employs the cash boy, for the highest cost of cash boys in China still leave their employment cheaper than the installation and maintenance of the overhead carrier. Otherwise the Chinese department store out-moderns western modernity, for it completes the universality of its equipment by selling hotel accommodations. — Christian Science Monitor.

"FIDDLE-FIT"

Keep Liver and Bowels
Clean and Active
with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach — always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food, and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will have you feeling clear, rosy and as fit as a fiddle by morning. They work while you sleep.

Town Planning

Meeting Will Be Held Under the Auspices of the Commission of Conservation

Ottawa. — The Canadian News Office has received the preliminary program of the meeting of the American City Planning Institute of Canada, which will be held under the auspices of the Commission of Conservation of Canada on October 17 and 18. Addresses of welcome will be delivered by the Hon. N. W. Rowell, president of the Privy Council, and Harold Fisher, Mayor of Ottawa. Reports will be submitted and discussions take place on the following subjects: Fundamentals of city planning; street widths, zoning-nomenclature; details to be carried out by special zoning ordinances or in connection with housing, health, fire protection regulations; economic design of utilities in streets; lot subdivision.

A highly important address will be delivered by Brig.-Gen. C. H. Mitchell, dean of the School of Practical Science, Toronto University, on the second day, the subject being "Reconstruction and Town Planning." The session will wind up with addresses by two town planning experts, namely, Thomas Adams, chairman of the Canadian Town Planning Institute, on Practical Housing, and by Noulan Cauchon, chairman of the Ottawa branch of the Canadian Town Planning Institute, who will speak on the planning of Ottawa.

Easy going men are apt to spend too much time up in the clouds looking for the silver lining.

The Average American's views of Europe are mostly stereoscopic.

"I HAVE PROVED"

Zam-Buk Anvaluable for eczema, both in the case of my baby and myself," says Mrs. L. Bonin of West Arichat, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it. "In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk. Zam-Buk is equally good for all skin injuries. All dealers 50c. box

Heligoland Resuming

Correspondent Reports State of General Satisfaction Among Islanders

The islanders, forced to migrate to the mainland during the war, have come back to Heligoland, and the smallest Nation in the world, as the Heligolandians like to call themselves, is hoping that by another season the island will again be a popular summer resort. The thought that most disturbs them is the possibility that the demolition of the fortifications by the entente commission which is presently to arrive for that purpose may work some injury to the natural beauties of Heligoland. A correspondent who went there to have a last look at the German engineering which will soon be demolished, reports a state of general satisfaction among the islanders, and finds that Prussianism seems to have left no impress on the civil population. The feeling is everywhere that the future looks full of promise, and that the past is well got rid of.

Japan's Electrical Advancement

Japan, which is rapidly advancing electrically, now has nearly 700 central station systems, 530 power and light systems, forty-two railways and forty-three combined railway and lighting systems.

Coughs, Colds, Bronchitis

If there is an ailment in the throat or chest, it is surely essential that the remedy be conveyed direct to the affected part. It's because the healing vapor of Catarrhazone is breathed into the sore, irritated throat and bronchial tubes that its balsamic fumes kill the germs and destroy the cause of the trouble. These are the reasons why Catarrhazone never yet failed to cure a genuine case of Catarrh, Asthma, Bronchitis or Throat Trouble.

The wonderfully-soothing vapor of Catarrhazone instantly reaches the furthest recesses of the lungs, produces a healing curative effect that is impossible with a tablet or liquid, which goes merely to the stomach, and fails entirely to help the throat or lungs.

Catarrhazone Just Breathe It

To permanently cure your winter ills, your coughs, sneezing and Catarrh, by all means use a tried and proven remedy like Catarrhazone. Beware of the substitutor. Large outfit lasts two months, costs \$1.00, small size 50c, trial size 25c, at dealers everywhere.

About the only good things that can be said in some men's favor is that they are not society favorites.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin — the Aspirin prescribed by physicians for over nine years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages. There is only one Aspirin — "Bayer" — You must say "Bayer". Aspirin is the trade mark (registered in Canada) of Bayer Manufacture at Monrovia, Germany. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

MURINE Rests, Refreshes, Soothes, Heals — Keep your Eyes Strong and Healthy. If they Tingle, Smart, Itch, or Burn, If Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Drug Stores in Canada. Write for Free Eye Book. Murine Company, Chicago, U. S. A.

Western Farmlands Boom Only Starting

Americans Coming Into Western Canada Intend to Remain

Farm lands in the good agricultural districts of the West will be much in demand in the next two years, according to Arthur Jackson, Winnipeg, farm land agent, who says that the movement of American farmers to Western Canada has only just begun. That the Americans who are already flocking into the country intend to settle down is evidenced by the fact that they are bringing stock and implements with them.

The reason for the influx of Americans is the boom in Middle West farm lands. Farmers in Iowa and similar states can sell their land now for as high as \$415 an acre, and coming to Canada purchase the best of our western lands for from \$20 to \$85 an acre, depending on location.

So great is Mr. Jackson's faith in the marketable value of farm lands in Western Canada that he expects to take a trip in about six weeks through North and South Dakota, Minnesota, Iowa, Ohio and Illinois, where he will place large blocks of land on the realty markets. Later he will visit the eastern provinces of Canada for the same purpose.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing freezone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

Ask at any pharmacy for a quarter ounce of freezone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shrivelled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

Tobacco smoke is one of the pet abominations of the former German Kaiserin, so that the exiled Wilhelm, the once most highest, has to go into the garden of Castle Bentinck when he wishes to enjoy his cigar or cigarette.

You can learn a little each day—unless you are one of those persons who know it all.

We believe MINARD'S LINIMENT is the best: Mathias Foley, City, Ont. Joseph Snow, Norway, Me. Charles Whooten, Mulgrave, N.S. Rev. R. O. Armstrong, Mulgrave, N.S. Pierre Landers, Sen., Pokemouche, N.B.

To Teach Farm

Life by Movies

Manitoba Department of Agriculture Is Preparing a Very Elaborate Program

The agricultural extension branch of the Manitoba department of agriculture is preparing a very elaborate program for the winter months which is intended to touch every part of the province.

The program will be made up along two distinct lines, namely, extension schools and motion picture institute meetings.

The short courses will be for one week, and consist of either gas engine work, livestock and field crops, or dairy and poultry.

A big feature not only of the short courses, but the institute meetings, will be the motion picture part of the program. Motion picture machines have been secured which can be used in the rural schools, and a good assortment of educational motion pictures has been secured.

Among the subjects chosen are the following: Dairy cattle, poultry raising, alfalfa growing, plow adjustments, injurious insects, agricultural society fairs, boys' and girls' clubs and types of livestock.

In addition to these, 100 standard films have been secured dealing with such subjects as travel, religion, invention, drama, education, and not a few of a humorous nature.

Weddings in Paris are being held up by a strike in the marriage license bureau. This is the first strike on record to discourage unions. — Brooklyn Eagle.

The Kiddies Enjoy Cuticura Soap

This pure, fragrant emollient is just suited to the tender skins of infants and children. Millions have known no other since birth. The daily use of it, with touches of Ointment now and then to little skin and scalp troubles, tends to insure a healthy skin, a clean scalp and good hair through life. Soap, Ointment and Talcum sold everywhere.

Be sure to test the fascinating fragrance of Cuticura Talcum on your skin.

A Butterfly Farm

Vegetation Consists of Shrubs on Which Caterpillars Live

An unusual "farm" has been started near Macon, France, by Mr. Andre, a French entomologist. Mr. Andre raises butterflies and silkworms, and so the vegetation of his farm consists of mulberry, oak, ash, cypress, lilac, pine, plum, hawthorn, and other trees and shrubs on which the caterpillars that become butterflies live. In infancy the butterflies are protected by being inclosed in tulle bags which are fastened to the twig or branch on which the young caterpillars are to feed; as the caterpillars get bigger the tulle bags are taken away, and the caterpillars left free to spin their cocoons, which are collected from the trees and bushes very much like some strange kind of fruit and placed in little wire cages until the perfect butterflies emerge. On this side the work of the butterfly farm is commercial, but no less important is the experimental work of the farm with silkworms, by which sooner or later the butterfly hopes to provide the world with silkworms that will produce a fine grade of silk in a northern climate.

WELL SATISFIED WITH BABY'S OWN TABLETS

Mrs. A. Bernard, La Presentation, Que., writes: "I have used Baby's Own Tablets for my baby and am well satisfied with them. I have recommended them to several of my friends, who have also used them with beneficial results." The Tablets are a mild but thorough laxative which regulate the stomach and bowels and thus prove of benefit in cases of indigestion, constipation, colic, colds, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Proved

He: Then you consider woman more intelligent than man? Miss Forward: Decidedly! Man hasn't even intelligence enough to recognize his inferiority. — Boston Transcript.

Dragged Down By Asthma. — The man or woman who is continually subject to asthma is unfitted for his or her life's work. Strength departs and energy is taken away until life becomes a dreary existence. And yet this is needless. Dr. J. D. Kellogg's Asthma Remedy has brought a great change to an army of sufferers. It relieves the restricted air tubes and guards against future trouble. Try it.

Hard at Work

The rapidity with which Belgium got on its feet again suggests that the Belgians didn't sit down and haggle about how many hours a day they should work.

The Friend of All Sufferers. — Like to "the shadow of a rock in a weary land" is Dr. Thomas' Electric Oil to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessings of half a continent. It is on sale everywhere and can be found wherever enquired for.

Some men whose trousers bag at the knees are frequently pressed by their tailors.

Sixty Acres Broken in Nine Days

Ease and Rapidity With Which the Prairie of Western Canada Can Be Broken Up

An example of the ease and rapidity with which the virgin prairie of Western Canada can be broken up and made ready for crop is provided by Mr. Howard Blachly, who is farming 480 acres of irrigable land in Southern Alberta, between Duchess and Patricia.

Mr. Blachly came to Alberta from Idaho some five or six weeks ago, when he inspected the land and purchased it. He returned to Ohio and, after disposing of his property in that state, returned to Alberta. He purchased a Titan 10-20 h.p. tractor and, with one man to help him, started breaking on September 2nd. Nine days later Mr. Blachly had plowed 60 acres and had 45 acres of this double disc and harrowed.

Mr. Blachly is naturally very proud of this performance and states he has never seen land which works up in better shape.

Many men get ahead by inducing other men to put their shoulders to the wheel.

Minard's Liniment Cures Dandruff.

Interesting War Statistics

The British Empire's Total of Fighting Men for the War

Prior to the call to hostilities the United Kingdom had under arms only 733,514 men. During the war nearly seven times that many have been recruited; in all, 4,970,902 — 4,006,158 from England, 557,618 from Scotland, 272,924 from Wales and Monmouth, and 134,200 from Ireland. Thus, from a population of 47,000,000, Great Britain and Ireland gave a total of nearly 6,000,000. The overseas dominions added about twenty-five per cent. more: Canada, 628,964; Australia, 416,809; New Zealand, 220,099; South Africa, 136,070; Newfoundland, 11,922; the smaller colonies, 12,000—in all, 1,425,864. To these India added 1,401,350. Colored troops from other parts of the Empire number 122,837. The British Empire's total of fighting men for the war reached, therefore, no less than 8,654,467. They were distributed as to service as follows: France, 5,399,563; Italy, 145,764; Salonika, 404,207; the Dardanelles, 467,987; Mesopotamia, 889,702; Egypt and Palestine, 1,192,511. The casualties reported number: in France and Belgium, 2,724,203; in Italy, 6,926; at the Dardanelles, 119,578; in the Balkans, 28,092; in Mesopotamia, 111,549; in Egypt and Palestine, 59,996; in East Africa, 19,572. Worked out in percentages to the total sent overseas, the casualties classify thus: For the United Kingdom, 43 per cent.; Canada, 44.88; Australia, 63.36; New Zealand, 50.70. The United States sent 2,940,000 men to France, and the casualties were 264,998, or 13 per cent. — The Round Table.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

People who are looking for trouble are fortunate in one respect, at least—they seldom meet with disappointment.

Taking things as they come and selling them at a profit begets success.

Ex-Kaiser's Castles Looted

Valuables Taken From Berlin By Underground Methods

Thefts from the castles of former Emperor William and the Crown Prince Frederick, not only during the revolution, but during the January and March riots of the Spartacists and Communists, are still engaging the attention of the police. Slowly the authorities have been able to trace some of the valuables that were filched by the sailors who occupied the ex-emperor's palace and that of his son for a time, but an immense amount has been taken from Berlin by underground methods, and may never be recovered. From the palace of William I. there have been stolen figures in bronze and ivory, a pastel of Queen Louise, vases, letter containers, silver trays, Japanese silk portieres and curtains, decorative weapons, medallions, watches and mirrors. The Crown Prince's residence suffered similarly. Cigarette cases, of which the Crown Prince had a wonderful collection, are missing, a jewelled collar, writing material, clocks, a watch set with diamonds, and two sapphires, two automobiles, five hunting guns and a gold revolver.

IN EVERY STABLE SPOHN'S DISTEMPER COMPOUND

is the one indispensable remedy for contagious and infectious diseases among horses and mules. Its success as a preventive and cure for DISTEMPER, PINK EYE, COUGHS and COLDS for more than twenty-five years is the highest tribute to its merit as a medicine. It is endorsed by the best horsemen and livestock men in America. Buy it of your druggist. SPOHN MEDICAL COMPANY, GOSHEN, INDIANA, U.S.A.

Kitchen Economy

If you consider its body-building powers Bovril is probably the most economical food you can buy. No other food, no matter how high its price, has been proved to possess Bovril's wonderful body-building powers. Bovril saves butchers' bills and is a great economiser in the kitchen.

Admiral of the Air

That the British could have no better man for the job of Director of British Airships than Gen. Maitland, who travelled in the R34, is admitted by all who know him. Aviation is his one passion. He is a qualified pilot of all three craft—balloon, airship and aeroplane—has dropped by parachute 10,000 feet from a balloon over Landan, and prophesies that within a few years airships five times as big as the R34, with a lifting capacity of 200 tons, will cross the Atlantic regularly and establish trade routes in the Mediterranean Sea and the Pacific Ocean.

New Cable Code

For three years several hundred linguists and commercial experts have been at work on a new cable-message code system, and have completed a code book that makes possible decoding in nine different languages without translation. The languages are English, French, Spanish, Portuguese, Italian, German, Dutch, Japanese and Russian.

Aches And Pains Quickly Relieved

You'll find Sloan's Liniment softens the severe rheumatic ache

Put it on freely. Don't rub it in. Just let it penetrate naturally. What a sense of soothing relief soon follows! External aches, stiffness, soreness, cramped muscles, strained sinews, back "cricks"—those ailments can't fight off the relieving qualities of Sloan's Liniment. Clean, convenient, economical. 35c, 70c, \$1.40. Made in Canada.

Best Time to Plow

Never plow ground when it is dry, and never plow ground when it is wet, says Campbell's Scientific Farmer. To plow heavy soil when dry is a positive injury to the soil and a needless waste of power. It is always best to wait until the upper layer is sufficiently moist to turn over easily and crumble readily. Plowing should be done when the soil is in the best condition to respond to the pulverizing effect of the mouldboard.

Wood's Phosphorine
The Great English Remedy. Tones and invigorates the whole nervous system, makes new blood in old veins. Cures Anemia, Debility, Mental and Brain Worry, Lethargy, Loss of Memory, Poltiation of the Heart, Fainting Memory. Price \$1 per box, six for \$5. One will please, six will cure. BLESSING OR CURSE?

The fact that fifty thousand dollars' worth of food has been taken out of cold storage plants in Winnipeg this summer in a decayed or putrid condition, to be destroyed by fire will lead many a reader of the soul-stirring news to ask the question whether this new-fangled method of keeping food-stuffs in huge ice-boxes month after month and year after year is really one of the blessings of our modern civilization.

In the old days provisions had to be consumed within a limited time or they went bad. They had to be sold in season or they were a dead loss to the wholesale merchants who gathered them. When the new storage method came into effect it was hailed as a distinct benefit and there is no doubt that if it had been handled by the government, or if the cold storage companies had been properly restricted, forbidden, for instance, to keep foodstuffs more than a few months without disposing of them, it would have been a blessed device, says the Calgary Herald.

Today, however, there is no institution in the country that is so universally cursed as the cold storage plant. This is due to the fact that it is one of the most responsible factors in shooting up the price of provisions in the winter months. In fact the agents of the cold storage octopus are abroad everywhere in June and July collecting eggs and butter from every hamlet in the country, paying a fair price for them, anyhow, corralling as many of them as possible, and then putting them into their gloomy castles and keeping them there until they can secure an exorbitant price. The callous policy of these plants in allowing their stores to rot rather than sell them at a reasonable price, at what most people would regard as a fair profit, has made them anathema to the consumer.

Surely \$50,000 bon-fires such as Winnipeg has witnessed will force the government to put a stop to this intolerable condition of affairs.

A total of \$1,196,632,931 in savings bank deposits is a gratifying report that many of the countries which have emerged from war would be glad to report to-day. This is the position of Canada as revealed in the bank statement for August.

The amount is \$181,921,066 better than the same month last year, notwithstanding the fact that a good part of it was transferred to last year's \$600,000,000 Victory Loan, and is \$21,540,778 better than July of this year.

This is a promising outlook for the Victory Loan campaign which is at present being carried on. If the depositors in Canada's savings banks were to say the word, they could subscribe the \$300,000,000 asked nearly four times over. The success of the present effort should be overwhelming.

There is a general impression abroad that the total amount of money invested by any one subscriber in the Victory Loan 1919 will be subject to taxation. This impression is erroneous. It will be the interest from the investment that will be taxed, not the principal invested.

As a matter of fact very few investors in the new loan will be brought within the scope of the Income War Act by reason of investments in Victory Bonds. With small estates and investors the law does not become effective under \$2,000 in the case of married persons or persons with dependents, and \$1,000 in the case of married persons without dependents. Municipalities and fraternal societies will not be subject to taxation in their investments in the loan at all. The interest from the bonds will not be more taxable than ordinary income, subject to the general law of the land.

BUY AN IRRIGATED FARM

FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE:

Irrigation makes the farmer independent of rainfall, and in sure good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever intelligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

ALLAN CAMERON, Gen. Supt. of Lands
Canadian Pacific Railway, Dept. of Natural Resources, 928 1st St. E.
CALGARY, ALBERTA

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$50

per acre, with 20 years to pay and the privilege of a loan of \$2,000 for improvements

(6% interest): no principle after first payment until end of fourth year, reduced interest if settlement conditions are complied

and no water rental for first year. Contract can be paid off before maturity if desired.

Electric Starting and Lighting

NO car has a better starting and lighting system than that now available to purchasers of Ford Cars. It is a Ford product, built into the motor—

—a positive starter as reliable as the motor itself.

—a powerful lighting system, uniform under all engine speeds. On the open models—Touring Cars and Runabouts—it is OPTIONAL EQUIPMENT.

On closed cars—Sedans and Coupes—it is STANDARD EQUIPMENT.

On all models the Ford Standard Magneto also provides ignition independent of the batteries.

See the Ford car with this new equipment.

Ford Runabout \$650; Touring \$690
On open models the Electric Starting and Lighting Equipment is \$100 extra.
Coupes \$875; Sedan \$1175 (closed model prices include Electric Starting and Lighting Equipment).
These prices are F.O.B. Ford, Ont. and do not include the War Tax.

Pinto mare, aged, weight about 700 lbs., unbranded foal at foot, mare branded 10 right neck.

Bay mare, about 1100 lbs., age about 3 years, branded right shoulder CA

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only a unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—

the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve"
Will You also Serve?

MAGIC BAKING POWDER

Contains no alum

We unhesitatingly recommend Magic Baking Powder as being the best and purest baking powder possible to produce. It possesses elements of food that have to do the building up of brain and nerve matter and is absolutely free from alum or other injurious substitutes.

Proportional Representation

—No. 4

Opponents of the adoption of the Proportional Representation system in connection with parliamentary, legislative and municipal elections, to which attention has been devoted in this series of articles, urge:

1. It is too complicated for the voters to understand.

The following was the percentage of spoiled ballots in some elections recently held under the P.R. system: Sligo Municipal election: Votes cast, 2,251; spoiled ballots, 43. Of this latter number, 24 only were attributable to the new system, whilst 19 were declared invalid for other reasons. The percentage of spoiled papers due to the P.R. system was, therefore, just over 1 per cent.

Edinburgh election: Votes cast, 124,107; invalid from all causes, 2,750; percentage of invalid votes, 2.2.

2. The method of counting the votes is too elaborate and the process takes too long.

The following comments from places where P.R. has been tried may be taken as indicative of feeling on the question:

(a) Glasgow: The returning officer in one day counted no fewer than 124,000 votes; spread over seven electoral divisions of the city.

(b) Calgary: It took 2½ times as long to count ballots as under the old system.

(c) Kalamazoo: It took 6½ hours to count 4,461 ballots.

(d) Of the election in Sligo, "The Champion" of that city says: "The system has justified its adoption. We saw it work; we saw its simplicity. We saw its unerring honesty to the voter all through. . . . It is as easy as the old way; it is a big improvement, and it is absolutely fair. . . . It is very plain, very simple."

However, even if two or three days were consumed in counting the ballots, there are still over 36 days left in the year for the Government to function, and the new Parliament, Legislature or Council never takes office immediately. If P.R. secures more representative government, would not the time be well spent?

Again, is the ordinary voter concerned with the actual work of counting the ballots? Is not this done by appointed expert officials now? Could not the P.R. method be carried on by such officials also, and possibly by even more expert men than are now selected as returning officers?

3. It divides the electorate into groups and fosters group feeling.

Is not group feeling more apt to be inflamed by lack of adequate representation? In cities where the ward system prevails, this same group or sectional feeling is cultivated, whereas under P.R. the ward system can be done away with while at the same time making adequate provision that minorities can secure their proportionate representation in the Council.

4. P.R., by giving complete representation to the people, will weaken government and make it unstable.

This criticism is not borne out by experience where P.R. has been tried. The strength and stability of a democratic executive depend upon two factors—its personnel and its ability to interpret the will of the people.

P.R. tends to strengthen the personnel. M. Georges Loran, the well-known Belgian M.P., states that under P.R. not only were all parties represented in Parliament, but "they were represented by their ablest men and leaders, whilst under the former majority system prominent men passed half their lives outside the House. Parliamentary life has consequently gained in authority." "Perhaps the principal benefit of P.R.," he adds, "has been that political life, which has been intensified everywhere, has also been purified, the weapons employed being generally more courteous and more dignified."

Further, a democratic government will be stable if it interprets the will of the people correctly, and P.R., by making our public bodies completely representative of the people, places in the hands of governments a more effective instrument for ascertaining what that will is. This explains why P.R. has rendered government in Belgium stable.

There are many other objections advanced against Proportional Representation, but these are the chief ones, and certainly they do not hold against the manifest fairness of the P.R. method to all people in the election of their representatives.

As pointed out in the first of these articles, the principle of Proportional Representation has now been endorsed in Canada by the National Liberal Convention, the Great War Veterans' Association, the Canadian Council of Agriculture, the Labor party, Social Service Councils, and numerous other reform organizations. It was endorsed by the recent Industrial Conference at Ottawa, and the Government has announced its intention of having an exhaustive inquiry made with a view to its adoption in Federal Parliamentary elections.

People everywhere should, therefore, embrace every opportunity that presents itself to study the question and become as fully informed as possible in regard to it, as it is practically a certainty that it will be adopted in Canada in the not distant future. It is to encourage such closer study that this series of articles has been written.

Worms, however generated, are found in the digestive tracts, where they set up disturbances detrimental to the health of the child. There can be no comfort for the little ones until the hurtful intruders have been expelled. No better preparation for this purpose can be had than Miller's Worm Powders. They will immediately destroy the worms and correct the conditions that were favorable to their existence.

Minard's Liniment for sale everywhere.

Fine Crops in Central Alberta
Forty-two bushels an acre of Marquis wheat from a field of 300 acres is the yield from J. A. Charlesworth's farm on the outskirts of Bashaw, Alberta. Two-thirds of this wheat graded No. 1 Northern and the rest No. 2. The average wheat yield in this district is from 25 to 30 bushels an acre.

Two samples of grain from this district have been brought to the notice of one of the Calgary newspapers. The one, of wheat, contains a head with 81 kernels of wheat, the other, a sample of Leader oats, contains a head with 261 kernels.

Canada's forests embrace 350,000 square miles of pulpwood timber, estimated to yield 1,033,370,000 cords of pulpwood.

When December weds May, the latter is apt to forget that she is Mrs. December.

D'Annunzio Gifted But Irresponsible

Famous Italian Loves to Pose in Limelight

Gabriele d'Annunzio has no counterpart in Canadian or British affairs. In the appeal he makes to the popular imagination of his country, he is akin to the late Theodore Roosevelt.

But d'Annunzio has none of the sterling qualities that endear statesmen to the Anglo-Saxon race.

He is a romantic figure with no appeal but romance. He is fifty-five years old, yet he was one of the most daring members of that arm of youth, the air force. On one occasion he flew over the Austrian capital and the imperial palaces, bombarding them, not with bombs, but with poems containing the defiance of Latin culture for Hun Kultur.

His innumerable "stunts" strengthened in the hearts of the Italian people their romantic affection for the mad, eccentric and pessimistic poet and orator.

His speeches and writings were, in a certain measure, responsible for Italy's breach with Germany and her alliance with France and Britain in the first year of the war. His recent expedition to seize and hold Fiume for Italy is typical, and stirs the patriotic passions of his country.

Before the war, d'Annunzio was preparing to die. He announced that, having taken every possible sensation out of life, he was about to die in as rare and beautiful a manner as possible. He was busy at this aesthetic suicide when war broke out. So he shaved off his beard and mustache, joined the Flying Corps, and recovered his youth.

On one of his expeditions he was wounded in the head, fell in an obscure valley and, missing, was mourned by the nation for several days.

His literary work is not of great international repute. It is certainly beautiful, but is disjointed and eccentric. It is animated by two passions, beauty and conflict.

His personal life has been as eccentric as his dramas. He married young, but deserted and divorced his wife, later living with Eleanor Duse, the great French actress. His three sons he neglected to a narrow and mean life while he strode about as the most luxurious and fashionable member of European society. His whole life was a pose.

But he was willing to sacrifice it for an idea, and that seemed to redeem him in Italy's eyes. An irresponsible, violent, gifted man, he has no counterpart in Anglo-Saxon life. How he will fare in the council of Anglo-Saxon and Gaul is hard to say.

Manchuria Building Brick Cities

Growing in Wealth and Responsive to Western Influences

New houses multiply in Shanghai and Tientsin, for China, like other nations, has her housing problems and is busily trying to meet it. So far, as tidings come from the East, the cities of Manchuria are ahead of the more widely known communities; a correspondent speaks of them as "new and splendid brick-built cities," and notes in passing that where China now builds with bricks she used not so very long ago the masonry fragments of an older architecture.

But the outside world has heard little of the wealth of Manchuria, nor realizes that it covers a territory equal in extent to France and Germany together, and has already under cultivation an acreage said to be the largest of any country in the world. One may travel by rail 1,600 miles from Honan to Harbin and pass through practically a continuous field of tall millet, stretching 100 miles or more wide on each side of the track. And if the land were fully cultivated it is held capable of supporting all China, with a generous supply of food left over for export. Despite all that has been heard about intensive agriculture in China, Manchuria is by no means intensively cultivated; and those who speak of future crops look forward at the same time to a future Chinese population of fully 1,000,000,000. Therefore, it is not surprising that Manchuria, growing in wealth and responsive to western influences, should be creating "splendid brick-built cities."

Smart Japanese Boys
Within the last few years boys of Japan, none of them over 15 years old, have turned out typewriters, telephones, pianos, door locks and some of the most ingenious mechanical toys ever placed on the market. Most Japanese boys have great natural skill with tools, and there is now a shop at Tokio, run by a boy, in which 50 boys are constantly at work. A young Jap is as sharp as a razor. He works during the day and goes to school at night.

Dam is Completed

Canada Land Company Will Market Farms Next Spring

Water is now running over the south dam of the Canada Land and Irrigation Company's reservoir at Lake McGregor, nine miles southwest of Lomond, Alberta. D. W. Hays, general manager of the company, states that prospects are good for the colonization of large tracts of irrigated land in the district next spring.

Had a Very Bad Attack OF Bowel Complaint

IT WAS CURED BY DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Any one suffering from bowel complaints such as diarrhoea, dysentery, colic, cramps and pains in the stomach, summer complaint, etc., will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

This old tried and proven medicine has been on the market for the past 74 years. You don't experiment when you buy it. Surely the test of time proves this.

Mrs. Daniel Hartwick, Mountain Grove, Ont., writes: "I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2½ years old she had a very bad attack of bowel complaint. Nothing prescribed by the doctor seemed to do her any good. She got worse, until we thought we would lose her. I got a bottle of 'Dr. Fowler's,' and she soon found relief. Everyone who has children should not be without it in their home."

Price 35 cents a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Prince Becomes Butter Dealer

To show he is a real patriot, Prince Louis of Bourbon, pretender to the French throne, has just entered the butter trade. He says he will fight profiteering, and if he can reduce the cost of butter, he will feel he has done his bit for the people.

Comfort for the Dyspeptic.—There is no ailment so harassing and exhausting as dyspepsia, which arises from defective action of the stomach and liver, and the victim of it is to be pitied. Yet he can find ready relief in Parmelee's Vegetable Pills, a preparation that has established itself by years of effective use. There are pills that are widely advertised as the greatest ever compounded, but not one of them can rank in value with Parmelee's.

Visitor (to sweet child whose mother has left the room for a moment): "Come here to me, my dear." Sweet Child: "No, I mustn't do that. Mamma told me I must stay sitting in the chair, because there's a hole in the cushion!"

BARGAINS IN STOCK

Won't interest the man who is nursing a bunch of sore corns. Give him a bottle of Putnam's Corn Extract. It is painless, takes out the corn, cures in one day. Beware of substitutes for "Putnam's," it is the best, 25c at all dealers.

Missed a Mixup

An amusing incident in which the chauffeurs of M. Clemenceau and M. Millerand, the Governor-General of Alsace-Lorraine, played the principal parts, occurred recently in Paris. The chauffeurs were driving their distinguished employers through one of the main thoroughfares of Paris the other day, when in some way they nearly collided. Both drivers were convinced the other was to blame, and with much gesticulation began to abuse each other volubly.

An unpleasant scene was developing when the chauffeurs recognized that the men they were driving were saluting each other from the carriage windows with every mark of amity and profound respect. The drivers' quarrel terminated abruptly, and with a superb air of dignified indifference they continued their journey.

When a man is sick he wonders if there is another man on earth capable of continuing his business in case he shuffles off.

Natural Salt Beds in Alberta

Provincial Government Developing Immense Deposits Near Fort McMurray

Drilling for salt at Fort McMurray, Alberta, has just been commenced, according to an official of the Department of Mines.

An outfit, with seven men, has just been sent in by the provincial government. The deposit underlays the town of Fort McMurray, so is feasible from the transportation standpoint.

According to previous investigations, there is a bed 180 feet deep, lying 480 feet under the surface. Professor Allan, of Alberta, was sent in by the provincial government a couple of months ago, and he reported very favorably.

It is not decided whether the government will mine salt, supposing everything is as expected, or whether it will turn the work over to a company.

Whether the corn be of old or new growth, it must yield to Holloway's Corn Cure, the simplest and best cure offered to the public.

British Salvaging Ships

Occasionally Divers and Surface Helpers Bring Up a German Submarine

The British are energetically at work undoing to a certain extent the work of the U-boat. Already it is reported that ships to the value of \$250,000,000 have been raised by the Admiralty's salvage department. In the case of colliers and some other vessels, the cargoes also are regained. Of course, costs of salvaging are heavy, but the profits are sufficient to warrant the effort.

No unusual methods are employed by the salvaging departments. Steamers with the most modern pumps and powerful lifting lighters are used now as heretofore. Until new methods are evolved there will be many ships in deep water which will stay there, but the majority of the sinkings were in comparatively shallow water. It even has been said that the Lusitania might be raised or, at least, the hull in her cargo recovered. In this connection it is interesting to note that \$9,500,000 worth of bullion recently was taken from the wreck of the Laurentic.

Occasionally the divers and their surface helpers bring up a German submarine, and perhaps a number of secrets of those craft have been revealed to the Admiralty. While the submarine fleet was surrendered after the armistice, it is well known that the Germans had removed many devices which were peculiar and valuable accessories to these craft.

Minard's Liniment Relieves Neuralgia.

Bela Kun to Face Trial

For Incitement to Murder, Robbery and Forgery

Bela Kun and his associates are to be prosecuted for incitement to murder, robbery and forgery.

This man's name would be Adolbert Cohen, in English. Kun was unheard of in Hungarian politics until last year. He is 37 years old and married. Before the war he was secretary of the local workmen's union, in Lagyvarac, near Arad. He was arrested for stealing the union funds, 30,000 kronen, and prosecuted. On his promise to pay back the money in instalments he was released. When the war started he was mobilized with the rest of the Hungarians. He either deserted or was taken prisoner by the Russians, for about one year ago he was in Petrograd acclaimed as one of the brightest pupils of Lenin. Supplied by funds from the Bolshevik treasury, he returned to Hungary and organized a reign of terror, organized the radical mob, and entered the field against the Czechs, Poles and Rumanians.

A special chapel will shortly be installed in St. Paul's Cathedral, London, in memory of Lord Kitchener. It will cost \$50,000.

It is easier for a man to acquire a bad reputation than it is for his children to live it down.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES

BRIGHT'S DISEASE, GRAVEL, DIABETES, BACKACHE

DR. 23 THE PRO

HOW TO "BE FIT" AT SIXTY

BY DR. LEE HERBERT SMITH.

As our boys "came marching home," they brought a certain red-blooded doctrine, and showed us the glory of a perfect body. They will show us how to "keep fit," even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grind and the nightly fag, has meager appetite, headaches, nerves unstrung, is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the army "setting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Strauss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft rain or distilled water, six or eight glasses per day, hot water before meals, and obtain Anuric Tablets, double strength, for 50 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric-acid) is the recent discovery of Dr. Pierce and is much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

The Model Husband

A lot of girls figure that soldiers will make good husbands because they have learned to cook and sew on buttons, but others claim there is another thing that shouldn't be sneezed at—they have also learned to obey.—Toronto Telegram.

PAINFUL NEURALGIA

Is Caused By Thin, Watery Blood and Cured By Enriching the Blood

Most people think of neuralgia as a pain in the head or in the face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character of the pain and the nature of the disease are the same. The cause being the same, the cure to be effective must be the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but you can only cure the trouble by enriching and purifying the blood. For this purpose we know of no medicine that can equal Dr. Williams' Pink Pills. These pills actually make new, rich blood and thus act as the most efficient of nerve tonics. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and see how speedily you will be restored to good health.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail at 50 cents a box, or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

Amber Monopoly Gone

With Lithuania a Republic Industry Can Be Expanded

Amber is Lithuanian. The Lithuanian shore of the Baltic Sea is the only district in the world where the collecting and digging of amber is a practical industry. Practically all the products of amber—the necklaces, cigarette and cigar holders, buckles, buttons, pipe stems and hatpins, which are seen every day in the shops of the world—are really Lithuanian in that they come from Lithuanian soil.

During modern years this industry has been closely guarded as a Prussian government monopoly. In the future, with Lithuania a republic, this industry can be greatly expanded with considerable profit, despite the fact that amber is one of the few things in the world which has diminished in value during recent years.

Baltic amber is not only collected along the shore, but it is mined from the so-called "blue earth" layers of the tertiary period well into the interior of Lithuania.

Excavations in Greece, Italy and Egypt have shown that Baltic amber was famous hundreds of years before the Christian era. Herodotus wrote of it, and beads, which the ancient Lithuanians must have bartered, were discovered in the Grecian ruins of Milkenai, dating back to 1500 B.C.

You may have noticed that the man who can turn his hand to anything seldom has the price of a wooden overcoat, when he turns up his toes.

Experience is a good teacher, but some men are conceited enough to think that they can give experience a few pointers.

W. CLARK, LIMITED, MONTREAL

The Most Healthful and Economical Drink

INSTANT POSTUM

Made in a moment in the cup, and there's no waste.

It Satisfies!

British Premier On Need of the Hour

London.—In a speech at Sheffield, Premier Lloyd George urged the need of greater productivity on the part of the nation. He pointed out that the national debt was nearly £8,000,000,000. He said wages had doubled, the hours of work were curtailed and the standard of living was higher than ever, but that that standard should not be preserved by a concourse of tribunals or the decisions of labor conference.

The Premier called upon the British people to see that the peace was a real peace.

"It is not the British habit," he said, "to nag, harry, insult and trample a bleeding foe. So long as Germany conforms to the conditions we have laid down, we must give her a clear chance to lead a decent, peaceable and honorable existence."

Some Teamsters Still on Strike

New York.—Striking members of the International Brotherhood of Teamsters, Chauffeurs and Helpers, most of whom are employees of the American Railway Express company, voted to remain on strike after a meeting attended by 2,500 in Cooper union, while other teamsters engaged in transporting milk in the city decided to accept an increase of \$5 and \$6 a week, offered by the milk companies, instead of the \$10 weekly increase demanded by the men.

The express drivers' vote was practically unanimous, only one negative vote being recorded.

Contradictory Reports

Stockholm.—Reports regarding Pskov are contradictory, some declaring that the town was taken by Estonians, and others that its capture had been delayed owing to the destruction of the railroad tracks. The station, both to the south and north, according to advices received here, are known to be in the hands of the White forces.

Riga More Normal

Helsingfors.—Conditions are becoming more normal in Riga following the German Russian attempt to capture the city, it is stated in advices received here.

Most of the newspapers are again appearing. Supplies are short, however, and prices of commodities are soaring.

Print Paper from Prince Rupert

Prince Rupert, B.C.—Thirteen carloads of paper made at Ocean Falls and consigned to the New York Times, are on their way east from Prince Rupert. This paper was made from pulp furnished by spruce logs felled on the Queen Charlotte Islands during the airplane industry which concluded with the signing of the armistice.

Closing In On The Bolshevik Forces

London.—In official quarters here it is declared that General Yudenitch, commander of the northwestern Russian force, advancing on Petrograd, is working in close understanding with Admiral Kolchak, head of the all-Russian government, and General Denikine in a combined effort against the Bolshevik armies in Siberia, southern Russia and on the northwestern front.

General Yudenitch's troops are fully equipped now by the allies, with whom the general is in constant touch. He, as well as General Denikine and Admiral Kolchak, it is declared, has consistently rejected all overtures from Germany and maintained their connection with the allies.

In connection with the report from Germany that Great Britain had invited Germany to co-operate in the coercion of Soviet Russia, the correspondent of the Associated Press learns that a communication of this nature was made to Germany by the peace conference.

Word of the request to Germany to participate in a blockade of Soviet Russia came first from Berlin, and later was followed by reports from neutral states intimating that they, too, had been requested to join in a blockade. No definite announcement of such contemplated measures had, however, been made from Paris or London, causing adverse newspaper comment. It was stated in Paris that the United States did not join with the entente powers in asking Germany to co-operate in such a blockade.

Canadians Anxious To Come Home

Great Britain Is No Place for the Holiday-Maker at Present

Ottawa.—The Department of Immigration and Colonization has received by cable a warning from England that there are thousands of Canadians on the other side anxious to come home, but unable to secure return passage for at least six months. It is said that this situation is being accentuated by the arrival of visitors from Canada. When the cable was sent from London rationing had been resorted to. The weekly allowance was: Butter, 1 ounce; sugar, six ounces; coal, 100 pounds; meats, 40 cents' worth.

Canadians who contemplate a visit to the mother country during the next few months should take into consideration the impossibility of returning within a few weeks after arrival there.

Want Prohibition in France

Paris.—The fight against alcohol will be a leading plank of the national platform in the forthcoming elections. Ministers are demanding the absolute suppression of alcohol, and the walls of Paris and the larger cities are already plastered with these demands, and pamphlets and posters have been mailed by the hundred thousand to hotels and individuals in the provinces.

"If France does not suppress alcohol, alcohol will suppress France," the posters proclaim in huge characters, and add, "Three million individuals live upon the traffic of alcohol; thirty-five million suffer and die from it."

Pensions Laws Give Little Complaint

Winnipeg.—Lieut.-Colonel John Thompson, chairman of the Pensions Board, Ottawa, and Major Stanley Corstine, commissioner, arrived in Winnipeg for a routine inspection of the district pensions office here. The commissioners have inspected the district pensions offices from Victoria, B.C., to Winnipeg, and report that there was very little complaint as to the manner in which the pensions law was administered in the West. In practically all instances they found that a proper explanation of the regulations eliminated the reasons brought forward for the complaints.

Want Stamped Cheques

Winnipeg.—The Federal Government is being asked to arrange for an issue of cheques for the use of all chartered banks which will bear the two-cent stamp.

Land For Soldiers

2,700 Quarter-Sections In All for Sale By Public Auction This Fall

Ottawa.—Through the intervention of the Soldier Settlement Board, school lands in Manitoba and Saskatchewan, aggregating 432,000 acres, have been withheld from sale by auction, in order to be made available for settlement by returned soldiers. Arrangements have been completed to advertise these lands, 2,700 quarter-sections in all, for sale by public auction this fall. The lands are situated in the Winnipeg, Brandon, Ashern and St. Rose de Lac districts in Manitoba, and the Canora, Wadena, Prince Albert and Wakaw districts in Saskatchewan.

Double Tragedy Feared

Edmonton.—Grave concern is felt in Peace River over the report brought in from Bear Lake by a half-breed that he had found evidence of a tragedy out on the ice of Bear Lake. It is feared that two well-known young men of Peace River, Scotty Leitch and Duncan Stewart, are drowned.

Valuable Salmon Stock

Prince Rupert, B.C.—The Skeena River salmon pack has been completed, and the season's value is set at \$4,027,900. The sockeye pack was a good deal larger than usual, the total going 180,000 cases, which at \$15 a case is valued at \$2,700,000.

Hungarian Peace Pact Delayed

No Government in That Country With Which Supreme Council Can Deal

Paris.—The supreme council and the peace conference will probably not end officially until after the Hungarian treaty is concluded, but only a few members representing the various governments will remain to complete the work.

An entirely new set of delegates will probably be instructed to negotiate the treaty with Turkey when the allied and associated powers learn whether the United States will accept a mandate for Turkey or a part thereof, and are able to agree on the disposition of the Turkish territory.

The Bulgarian delegation is now on its way back to Paris and there is every indication that the Bulgarian treaty will be disposed of shortly. Only the Hungarian treaty remains to be negotiated.

There is no government in Hungary with which the conference can deal, but the treaty draft is practically completed in Paris and should there be no recognized government in Budapest before December 1, arrangements will probably be made to have a few delegates remain in Paris to negotiate a treaty with Hungary, whenever a satisfactory government is established.

No Dealings With Bolsheviks

Supreme Council Proposes Shutting Off Russia From Interchange With World

London.—The text of the note of the supreme council inviting Germany to participate in the blockade of Russia as published by the Berlin Tageblatt, and reprinted by the Daily Herald, shows that Sweden, Norway, Denmark, Holland, Finland, Spain, Switzerland, Mexico, Chile, Argentina, Columbia and Venezuela have been invited to initiate measures to prevent their nationals from engaging in any trade whatever with Bolshevik Russia. The measures are thus enumerated:

1. Refusal of permission to sail to every ship bound for a Russian Bolshevik port, and the closing of all ports to ships from Bolshevik ports.
2. Similar regulations to be adopted with regard to all goods destined for Russian ports by another route.
3. Passports will be refused to all persons, to or from Bolshevik Russia. Isolated exceptions may be made by agreement of the allied and associated powers.
4. Measures will be taken to hinder bankers from granting credit to commercial undertakings in Bolshevik Russia.
5. Every government will refuse its nationals any facilities of intercourse with Bolshevik Russia, whether by post or wireless telegraph.

Marshal Foch added the following instructions: "Inform the German government that the British and French men-of-war in the Gulf of Finland will continue to blockade Bolshevik ports and detain, from the moment they come in sight, any ships bound for Bolshevik ports."

The preamble to the note declares that the open enmity of the Bolsheviks is directed against all governments and that programs of international evolution, circulated by them constitute a grave danger to the national security of all the powers.

Asquith to Re-enter Politics?

London.—Former Premier Asquith's speech at the National Liberal club is regarded by commentators of different shades of opinion as a plain intimation of his desire to return to the House of Commons. The Morning Post says his little band of followers there want him back badly, but the very few seats they hold are occupied by front bench men who cannot be spared. Independent Liberals, the paper adds, are very sure the tide is setting strongly in their favor.

Temperance and Sugar Shortage

New York.—Prohibition has resulted in the consumption of enormous quantities of sugared soft drinks and candy, and is responsible in large part for the present shortage of sugar, Arthur Williams, federal food administrator, stated.

"The increased sugar consumption of the country so far this year is estimated to have increased 500,000 tons over that for the first nine months of 1918," he added.

Winnipeg Teachers Given Advance

Winnipeg.—Wage increases for Winnipeg teachers of approximately fifteen to twenty per cent. have been decided upon by the local school management committee, effective on January 1 next. Rules governing salaries during the probation period were also adopted.

Favor the Treaty

Shantung Amendment in U.S. Senate Finally Rejected

Washington.—The long-debated Shantung amendment to the peace treaty presented by Senator Lodge and approved by the Foreign Relations Committee, was finally rejected in the senate with a majority of an even score against it.

In the vote of 35 to 55, fourteen of the Republicans swung over to the pro-treaty forces, while three Democrats lined up with those supporting the proposal. With six senators absent, two Republicans were put on record as in favor of the amendment, and one Republican and three Democrats as opposing it.

The roll call, which came at the end of another six and a half hours of debate, in reality swept away six amendments instead of one, each change in the treaty text having been numbered separately by the committee in its decision to strike out the word "Japan" and substitute the word "China" throughout the sections relating to the province of Shantung.

By unanimous consent, however, the six changes were debated and voted on as one.

Only three of the committee's 45 amendments now remain to be acted upon by the senate.

Placing the Blame

Ludendorff Denies Commission Placing Causes for the War

Berlin.—General Ludendorff is reported to have refused to appear before the parliamentary commission investigating the responsibility of German leaders for the war, which will begin sessions soon. Carl Kautsky will address the committee on the results of his investigations of pre-war diplomatic documents, and suggesting the names of individuals to be subpoenaed. The judicial status of the commission and the extent of its powers to enforce attendance by witnesses is still uncertain, and it is the opinion in some quarters that General Ludendorff cannot be compelled to submit to examination.

The Vorwarts discussing the coming state trial writes:

"Those guilty for the war made history, without pity for millions. Now history will pass sentence without pity for individuals."

Prosecuting Military Leader

Small Fines For Defaulters May Not Stand Appeal

Montreal.—Another phase in the matter of the prosecution of military service evaders will be the appeal entered before the court of King's bench by the federal police against judgments by Judge Leet and Judge Lanctot. All the cases in which the accused were convicted and dismissed with a fine of less than \$250 are being appealed; they number about 300, and include nearly all the judgments of Judge Leet, who gave as a rule a fine of \$50, and Judge Lanctot, whose fines ranged from \$10 to \$50. Only one point will be argued in these cases, the amount of the fine imposed.

Innocence of Germany

Still Claim That Riga Affair Had No Official Sanction

Berlin.—The German government's reply to the demands of the allies concerning the evacuation of the Baltic provinces has been sent to Marshal Foch.

The note points out that General von der Goltz, the former German commander, has been recalled and repudiates any war-like intentions by Germany against either the Lettish or Russian people.

It adds that the German government has strictly forbidden German soldiers to enter Russia.

Assembly of Sinn Fein Prohibited

Dublin.—An order was issued, signed by the chief secretary and the commander-in-chief of the forces in Ireland, prohibiting the assembly at Dublin city and county of the Sinn Fein, Irish Volunteers and Gaelic League.

The twelfth annual convention of the Sinn Fein had been fixed for commencement at the Mansion House, Dublin.

Heavy Penalty for Smuggling Drugs

Ottawa.—Hon. N. W. Rowell has given notice of a resolution providing heavy penalties for illegal importation into Canada of cocaine or opium or salts and preparations of either. Such importation without a license from the Federal Department of Health, it is set forth, shall be punishable by a fine not exceeding one thousand dollars and costs, imprisonment for one year, or both.

Tragedy of the Sea is Revealed

Survivors Say Officers Were Killed in Accident; Rescuers Speak of Seeling Fight

Philadelphia.—A tragic tale of the seas was unfolded here by four survivors of the British schooner Onato, picked up while drifting helplessly several hundred miles from here by the Zirkel. The survivors, all from Newfoundland, said the captain of Onato, James Brussia, and his brother, Ernest, first mate, were crushed to death by the shifting of the ship's cargo.

The stories, however, do not agree with that told by Captain Sullivan, master of the Zirkel, which arrived here, and all four men were locked up at the Gloucester immigration station on charges of mutiny. They will be turned over to the British consul.

Captain Sullivan declared that when he drew near to the schooner he could plainly see a general fight raging upon the little craft's deck amidships, and that one of his officers said he had heard what he believed to be two pistol shots.

The survivors, Douglas Nicholl, Thomas Molton, Lorenzo Ash and Ernest Friezzard, all told the same story, except as to some of the details, which the authorities said were conflicting. They declared their officers met an accident and death while the company's crew was battling to save the craft in a terrific gale. Captain Brussia and his brother, they said, went below to shift the cargo, and were crushed to death.

The Onato was bound for Newfoundland from Oporto, Spain, with a cargo of salt. Officers of the Zirkel assert that the vessel sank shortly after the men were taken off.

Clemenceau Ministry Is Sustained

By Large Majority on Chronological Order of Elections

Paris.—The Clemenceau ministry was sustained in the Chamber of Deputies by a vote of 324 to 132. The premier thus victoriously emerged from the bitterest and best organized assault which the ministry has ever faced, the chamber adopting the cabinet's policy on the chronological order of the elections, placing the legislative elections first, on November 16, and the senatorial and municipal elections in that order.

For the first time, Aristide Briand, the former premier, came out openly in leading the opposition forces, but M. Clemenceau's majority was the largest he had ever received when the question of confidence was presented.

Presbyterians Ask For Reform Laws

Ottawa.—Three resolutions dealing with the present day reform were passed at the session of the Ottawa-Montreal Presbyterian synod. The first was the endorsement of the four "no's" of the Ontario referendum committee. The second asked the Dominion government to make permanent legislation of the war time measure prohibiting the manufacture of liquor in Canada, its importation and the inter-provincial trade in it. The third asked the government to include racetrack gambling with other offences in the criminal code.

Check for the Consumer

Ottawa.—New regulations governing the lobster packing industry of the Maritime Provinces are provided for in an amendment to the Meat and Canned Foods Act, of which notice has been given by the government. Provision is also made for the correct labelling of all cans of fish or shell fish imported into Canada, and other particulars, including weight of contents, place of origin, and the names of the packers, and also of the importer.

French Want Canadian Houses

London.—The secretary of the Export Association of Canada states that the association is consulting with the ministry of health for a supply of ready-made houses on the Canadian plan, in connection with the new government housing scheme, and a definite decision may be expected within a few weeks. There is a growing demand for these houses from France.

C.M.A. Extending Organization

Toronto.—In pursuance of an intensive policy of organization, and with the object of permitting greater co-operation among members more or less closely located the Canadian Manufacturers' Association has divided the Dominion into five divisions, each of which will have a separate chairman, vice-chairman and executive.

Work Ready For League of Nations

Wants a Pool to Indemnify Allies

French Senate Adopts Resolution Asking for Further Disarmament

Paris.—The senate adopted the resolution, which has already been passed by the Chamber of Deputies, asking the government to suggest to the allies further measures for the disarmament of Germany, and another resolution suggesting that France be given a prior claim in the distribution of repatriation payments made by the Germans.

The Chamber adopted a resolution which, after expressing confidence in the spirit of equity and justice of the allied and associated powers, asks the French government to negotiate with them for the establishment of a common pool between the allies to indemnify the participants in the great war.

Huns Are in a Quandary

Germans Are Not Keen on Blockade of Russ. Soviets

Berlin.—Suggestions from the entente that Germany join in the blockade of Soviet Russia, have not yet been officially considered by the German cabinet, but have inspired a statement indicating the government's answer will neither be an unconditional refusal nor an indication of assent. It is said that the Germans will suggest the installation of an international commission to deliberate on the proposition which unquestionably found Germany unprepared and places her in a quandary.

Hauling Wheat Across the Line

Winnipeg.—It is reported here in grain circles that farmers in Manitoba and Saskatchewan to a distance of 40 and 50 miles north of the international boundary line, are this fall hauling large quantities of wheat across to the United States market points and receiving 60 cents or 70 cents more a bushel than it would be possible if they sold their wheat in Canada.

This international trade has assumed such proportions that a number of elevators located at southern points in the two provinces are being closed up as the amount of business they are receiving does not warrant the expense of keeping them open.

Prohibition Enforcement Bill Signed

Washington.—The prohibition enforcement bill was signed by Vice-President Marshall and Speaker Gillette for immediate transmission to President Wilson. The President will have ten days from the time it reaches the White House to sign it. Announcement has been made at the White House that the bill would be referred to Attorney-General Palmer for an opinion as to its constitutionality before any executive action was taken.

Alaskan Gold Dust

Seattle, Wash.—With \$100,000 in gold dust aboard, the power schooner Ozmo arrived here from Kuskokwim River points, Alaska, bringing that district's season clean-up of placer diggings.

Washington.—While no official declaration can be made in advance of the action of the senate on the treaty of Versailles, it was learned unofficially that plans were laid for bringing the League of Nations into existence almost immediately upon the publication in Paris of the ratification by France, Great Britain, Italy and Germany, which will put it into force.

Although the United States cannot participate in the initial stages of the League's work, it is understood that the decision has been reached to have President Wilson issue a call for the first meeting of the council of the league with the fifteen-day period provided in the treaty for the appointment by the council of three members of the commission which is to determine the boundary of the Saar Basin.

No Chance For Profiteers

British Courts Take Prompt Action to Regulate Prices

London.—Following are typical examples of the decisions of the profiteering committees this week:

At Manchester the committee held that 20 per cent. too much profit was charged to Prof. Tout, of Manchester University, for suits for his sons. Twenty-five per cent. too much profit was charged also on a pair of trousers. Another firm of military tailors was ordered to refund 16 pence to a purchaser of a medal bar bought for two shillings. Many complaints have been postponed for further enquiries.

One alleged flaw in the Profiteering Act is that the onus of complaint is laid upon the purchaser, which obviously involves considerable trouble in the recovery of overcharges in individual payments. A church bazaar notice at Wimbledon significantly states that no article will be sold above shop prices.

R.N.W.M.P. Headquarters to Go East

Ottawa.—On a bill amalgamating the Dominion and the Royal Northwest Mounted Police, Sir James Loughheed in the senate stated that the headquarters of the organization would likely be in Ottawa, but a large portion of the force would be continued west of the lakes. Senator Casgrain asked if they could be put on trains and brought east to serve in case of riot.

Sir James: They will be a mobile body. The bill was given a second reading.

May Abandon U.S. Tour

London.—It is quite possible that the visit of the Prince of Wales to the United States may be abandoned, owing to President Wilson's continued illness, says the Daily Mail. The King has been in communication with the Prince concerning this possibility, and the question will probably be decided soon. If the Prince does not go to the United States, it is understood that he will stay a somewhat longer period in Canada.

British Land Reinforcements

Constantinople.—Two British transports have landed reinforcements on the Turkish Asiatic coast for the British contingent operating against the rebels.

Demand Surrender Of German Vessels

Reds a Menace to U.S.

Senator Poindexter Says Measures Necessary Against Revolution

Washington.—"The United States government is in grave danger from the movement of international revolutionists, and it may fall unless vigorous measures of defence are taken now," Senator Poindexter, Washington, declared in the senate.

"There are revolutionary interests in this country," Poindexter said, "and their object is the overthrow of the government and the seizure of private property. There is no doubt of the existence of that condition."

Up to H.R.H.

Englehart, Ont.—"The town is yours, paint it any color you like." This was the text of a sign which greeted the Prince of Wales at Cobalt, and expressed the spirit of welcome extended the Prince by the Porcupine people.

The Busy Store

Business Increasing

Our business having almost doubled the past two weeks, we have been too busy to spend much time writing ads.

Following is only a few of our new arrivals and specials:

A splendid line of all-wool serges, guaranteed fast colors at \$2.00 to \$4.00

A large shipment of real Hudson's Bay all-wool blankets. Call and get our prices before buying.

New Dresden Ribbon for fancy work.

A very nice assortment of silks just unpacked.

Last week for preserving fruit

Grocery Department

At all times we have the most complete and fresh stock of groceries in town.

This is the last week for preserving fruit. Our supply will be in on Thursday. Note that our prices and quality on fruit are always a shade the best to be found in the burg.

Local and District News

Attend the Peoples Market meeting Saturday afternoon.

Louie Hong is giving a dance in his new store at Cluny on Friday, Oct. 24.

N. E. Stuart & Co. have something special to say to Cluny folks in their ad.

"Bud" Tudhope returned from a Calgary hospital Monday and is improving nicely.

There is to be a dance in the Farmers Hall at Milo, on Friday evening, Oct. 24.

Prof. Barry will open his class in horse training on Monday, Nov. 3. All horse lovers should sign up at once.

The U.F.A. and U.F.W.A. locals meet at the Milo hall at 8 o'clock Saturday night, Oct. 25.

Mrs. R. C. Clifford is prepared to give lessons in hand painting. Apply at residence Griesbach Street, east of Fourth Avenue.

On November 11—Armistice day—the Gleichen branch of the G. W. V. A. association announce they will give another one of their delightful dances in the Opera House.

The Gleichen Citizens Band has arranged to give another of their popular dances on Nov. 21. New uniforms is the idea. By all means let us help the boys come out in style.

On Friday next, 24th, Mrs. Raeburn of Calgary will open the ladies paradise at Geo. Mathew's store. She will be there all day with a complete assortment of the very latest creations in millinery.

John C. Dafe has been duly appointed chairman and F. L. Mallory secretary for the 1919 Victory Loan for the Gleichen district. They are appointing captains and will be ready to sell bonds by Monday.

The Gleichen's Women's Institute will meet Thursday evening, Oct. 30, at 8 o'clock, at the home of Mrs. T. W. Bates. Roll call, "My best saving device". Discussion on sewing and miscellaneous shower.

Don't forget the great ball to be given in honor of the returned soldiers on Nov. 7th. It will be the event of the season at Milo. The Queenstown, Milo and Majorville ladies are depended upon to bring the eats.

The old saying, "Troubles do not come singly," is again borne out by the recent experiences which have come to our esteemed Mayor Mr. A. R. Tudhope. About two months ago, a brother, the youngest member of the family, Mr. H. J. Tudhope, of East Ora, died after a brief illness. Some weeks later a sister-in-law, Mrs. W. R. Tudhope of Toronto, passed to her reward. And on Monday morning of last week a telegram was received announcing the death of an elder brother, Mr. J. H. Tudhope, of Parry Sound, Ontario. The sympathy of the whole community is extended to Mr. and Mrs. Tudhope in their time of sorrow. In addition to the death of relatives in the East, their home here has not been without its anxiety. Earle having recently undergone a serious operation in the Holy Cross Hospital at Calgary. We are pleased to note, however, that "Bud" is recovering nicely and will we hope, soon be a familiar figure in our midst again.

Notice of Estray Animals

On the premises of C. F. Herman, Milo, P. O. No. 17, Tp. 20, Rg. 20, W. 4th M. One black gelding, star on face, white strip on nose, white on both hind feet, about 7 years old, collar marks on both shoulders, weight about 1350 pounds. No visible brand. Thos. Henderson, brand reader. 44

House to Rent—Newly papered and furnished. Apply R. C. Clifford, the Pioneer Elevator, Phone 119, Gleichen. 33tf

\$10 REWARD—Is offered for the recovery of cattle branded with DH on left ribs and horses branded G on left thigh. Mrs. J. H. Chaudler, Nanton, Alta. 12

Announcement

We have a carload of Baby Grand and Four Ninety Chevrolet cars arriving this week. These cars are the latest models and are without doubt the best value in cars on the market today.
